

Ángel Sánchez Guerrero

Last year Computer Engineering student focused on Artificial Intelligence, with hands-on experience in full-stack projects. Driven by a passion for impactful tech solutions, I am eager to contribute to a dynamic team where I can apply my skills and grow. Currently seeking an internship to deepen my knowledge and make a meaningful impact.

ACADEMIC BACKGROUND

Computer Engineering **2021–Present**
Universidad de Granada (UGR)

- Specialization in Computing and Intelligent Systems (AI).

Erasmus student **2023–2024**
Sapienza Università di Roma

- Computer Vision, Machine Learning, Multimodal Interaction

Scientific High School **2019–2021**
I.E.S Padre Manjón, Granada

- Graduated with honors and got 13,37 / 14 in university access exam.

PROFESSIONAL EXPERIENCE

CTO Hands-on **2024–Present**
WRRAPD INC.

- Leading the technological operations of a startup based in Florida. Developing Chrome extension with integrated payment and cloud solutions, working to achieve a MVP as soon as possible.

Intern **2023**
Aircury Summer of Code

- Designed, developed and deployed UniOpinions, an online platform to read and write reviews on university professors and courses, which already has +500 opinions.
- Demonstrated full-stack development skills with Symfony, project management, and SEO.

PROJECTS

GAILLERY **2024**
• Web photo gallery with image recognition (ResNet50) and voice control (Web Speech API) using AWS services (S3, EC2, ECR, Lambda, DynamoDB, etc).

PaywallHub **2023–2024**
• Creator of a former website (+1M users in a year) and browser extensions (+20K downloads) that removes paywalls, ads, pop-ups.

Servidor casero **2022–Present**
• Project that keeps providing extensive knowledge in virtualization, networks, Linux servers, and containers.

Web personal **2022–Present**
• Place where I like to share insights on small projects and discoveries.

Ecommerce **2024–Present**
• Delved into ecommerce and dropshipping through organic TikTok, achieving over 40M views.
